## APPLYING FOR A TOWN OF LAPOINTE LAND USE PERMIT

*The Town of La Pointe is here to help you successfully complete your land use project. This brochure is designed to provide information to assist you. For more information, call 715-747-2707 or email [zoning@townoflapointewi.gov](mailto:zoning@townoflapointewi.gov).*

The Planning and Zoning Department issues **LAND USE PERMITS**. A Land Use permit allows:

- ♦ **The property owner to place or relocate a structure** (i.e. dwelling, mobile home, garage, pole building, accessory, long term travel trailer, deck(s), porch (s), addition(s), structural alteration(s), commercial building, etc.)
- ♦ **The property owner to change or alter the use of land** (i.e. operate a home occupation in approved zones, short or long term rental of a property, etc.)
- ♦ **The property owner to place a driveway or do land disturbing activity** (Defined as any man-made change of the land surface including stumping of vegetative cover, excavating, filling, soil deposits and grading but not including agricultural land uses such as planting, growing, cultivating, and harvesting of crops: growing and tending of gardens; harvesting of trees; and landscaping.)
- ♦ **Signs** (advertising a business activity)
- ♦ **Fire Numbers**

The Planning and Zoning Department also:

- ♦ Accepts applications for **Certified Survey Maps for subdividing land** for review and recommendation to the Town Board.
- ♦ Accepts applications for **Conditional Use Permits** for Report and Recommendation to the Town Board.
- ♦ Accepts petitions for **Zoning Map or Zoning Ordinance Text changes** for review and recommendation to the Town Board.

# Obtaining a permit from the Town of La Pointe Planning and Zoning Department

1. **Please plan accordingly** – Allow yourself, contractor, and/or agent ample time to obtain a land use permit(s). The Permit process may take a minimum of 10 (ten) business days and may be longer if sanitation, wetland fill, shoreland mitigation, or re-inspection is necessary. The Zoning Administrator reserves the right to place applications on the Town Plan Commission agenda for review.
2. **Obtain an application and plot plan** from the Town Hall Planning and Zoning Department or the Town's website Planning and Zoning page [www.townoflapointewi.gov/planning-and-zoning](http://www.townoflapointewi.gov/planning-and-zoning).
3. **If your Land Use Application** is going to require any of the following:
  - ♦ ***Sanitary*** – call your Master Plumber to get plans prepared and to apply for permits. The State of Wisconsin mandates the sanitary permit MUST be issued before the Town land use permit is issued. If State approval is required for the sanitary, it may take 4-5 weeks longer.
  - ♦ ***Privy*** (aka outhouse) - You must obtain a County permit application from the La Pointe Zoning Office in the La Pointe Town Hall. **NOTE:** With a privy you CANNOT have sinks, showers, flushing toilets, or connection to pressurized water in your structure – this includes a hose connected to a travel trailer.
  - ♦ ***Wetland fill***– You must contact the Wisconsin DNR before soil disturbance or filling.
  - ♦ ***Ashland County Permit***– If you are within 1000 feet of the lakeshore, you must obtain the permit application from the La Pointe Zoning Office in the La Pointe Town Hall. County permits must be obtained before a Town Land Use Permit can be issued.
  - ♦ ***Uniform Dwelling Code (UDC) - House, Accessory Structure or Commercial Building*** – Contact Stephen G. Schraufnagel for a Building Permit packet. He can be reached at (715) 209-6372 or [stephenschrauf@gmail.com](mailto:stephenschrauf@gmail.com)

**NOTE: Permits MUST be obtained prior to project beginning or land use. Land disturbing activity constitutes project beginning. Projects started prior to permit issuance will double required fees and could result in enforcement action. Fees will be quadrupled upon thirty (30) days notice of project beginning without a permit.**

5. **Zoning District**: The Zoning Administrator must know if your parcel meets the current Zoning District area and width requirements (see chart above) **OR** when the lot was created.
4. Follow the instructions on page 2 of the **Land Use Application**.
7. Follow the instructions on the **Plot Plan**, showing all dimensions and measurements.
8. Submit original **Agent Authorization Form** if applicable.
9. **Pay fees** with application submittal.
10. **Stake the site** using the measurements you have shown on the Plot Plan.
11. The **site will be inspected** when a completed application and fees are received.
12. After inspection the **Zoning Administrator will**:
  - ◇ Review the application to ensure it contains all the necessary information. It may be returned to owner for additional information/correction.
  - ◇ Review property information for wetland indicators, navigable waterway, and/or steep slopes, or other site specific issues present.
  - ◇ Confirm measurements as staked. If setbacks are not met, the owners will be contacted to discuss development options/alternatives.
  - ◇ Issue the permit once fees are paid and any and all issues are resolved.

## ***Important Information***

**Application for a Land Use Permit:** The original form must be filled out in **ink**.

### **Signatures:**

- All applications must be signed by ALL property owners.
- Company (Inc., LLC., Corp., etc.) or Trust ownership: Proof of authorization to sign the application in the name of the company or Trust is needed.
- If you are a new owner, a Recorded Deed is required. Signatures must be original, can not be faxed or emailed.

**Agent Authorization:** The Zoning Administrator will work with an agent in lieu of the property owner if an Agent Authorization Form is signed by the property owner(s). The original application is still required to be signed by the property owner(s).

**Property Stakes:** It is mandatory that the location of all proposed structures, additions, driveways, and areas of Land Disturbing Activity, etc., be staked. It is strongly recommended that nearby lot lines and/or land uses be clearly marked on the subject property through placement of stakes, flags, or colored ribbons --particularly on large, densely wooded, or difficult sites. Failure to provide stakes or markers may delay or prevent permit issuance.

**Permit Expiration:** A land use permit expires twenty-four (24) months from the date of issuance. The authorized building or structure must be substantially complete within that time. "Substantial Completion" is defined as, "where applicable, as "foundation in" and, where applicable, "external walls up, windows in, roof on, doors installed."
